

# Nunawading Market

## Site Facilities & Management

1. Allocation of sites is at the sole discretion of the Market Co-ordinator. At times it may be necessary to re-organise the layout of the market to maximise its effectiveness. All Stall Holders will be notified in advance of any changes and sites allocated may differ from market to market.
2. Stall Holders must provide their own marquees, trestles, tables and other equipment they need to operate efficiently. No equipment is available for hire from the organisers.
3. Please indicate the size of your shelter when completing the on-line Application Form to help with appropriate site allocation - sites vary in size.
4. Different site locations have different requirements. Please refer to the table below for further information, this will ensure you are able to better plan your Stall set up.

Site Number	Shelter	Tables	Access to Power	On-Site Parking
1-6	You need to supply your own.	You need to supply your own.	Yes  1 x 10 amp outlet. If you require more, please discuss with the Market Co -ordinator .	Food Vans/ Trucks can park on site. Vehicles accompanying a Trail/Caravan will need to detach and park in a designated parking area.
7-23	Yes	You need to supply your own.	No	No
24	You need to supply your own.	You need to supply your own.	Yes. 1x 10 amp and 1 x 15 amp outlet. To access the 15 amp point you will need to bring a very long extension cord to run behind other sites, the point is near site #19.	Food Vans/ Trucks can park on site. Vehicles towing a Trailer/ Caravan will need to detach and park in a designated parking area.
